### TRUSTEES IN MEETING

#### CONSIDER PARTICIPATION IN ROSE TOURNAMENT—OFFICIALS REPORT

The Board of Trustees met in regular session at the City Hall at 7:30 p. m. December 6, 1915.

There were present Trustees Grist, Lane, Thompson, Tower and Williams.

The minutes of the last regular meeting were read and approved.

Communications were read from the Glendale Garden Society and from the Glendale Chamber of Commerce advocating the participation of the City of Glendale in the Pasadena Tournament of Roses.

A communication was also read from the Pasadena Tournament of Roses association of the same tenor. Mr. Hartman and Mr. Herman Nelson addressed the board in reference to the matter. After discussion by the different members of the board, a motion made by Trustee Grist was adopted instructing the city manager to go ahead and prepare a float in accordance with the above requests at a cost not to exceed \$250. In reference to the proposition Messrs. Ross and Coker also spoke, the latter volunteering to furnish a truck to carry the float.

A committee was present represented by Mr. Coker in regard to the proposed street through the City of Glendale from the southerly city limits along the Childs tract line to Sycamore canon, requesting that the proceedings for said street be prepared and pushed as rapidly as possible, and also filing a petition to the same effect signed by a large number of property owners. Upon motion, the petition was ordered to be read, and upon being read was, on motion of Trustee Tower, ordered to be filed, and the City Engineer was instructed to prepare the necessary proceedings for the condemnation suits in accordance with the specifications and map embodied in the petition.

The matter of a laundry permit requested by Mrs. Carroll for building on Brand boulevard, action upon which was deferred at the last meeting, came up again for discussion. Trustees Grist and Thompson, also City Manager Watson stated that business men in the block affected had called them up by phone to enter a protest. Mr. Stoddard, representing Mrs. Carroll, stated that he had only heard of two protests, and he believed that most of the business men in the neighborhood favored the granting of a permit for the establishment. Mrs. Carroll also made a statement in regard to the matter. Upon motion of Trustee Thompson, action was deferred for one week or until a petition could be presented showing the wishes of the property owners in the neighborhood affected in regard to the establishment of the laundry.

Mr. Bullock addressed the board requesting permission to establish a dairy on the west side of Verdugo road in Verdugo canon near the water course, the establishment to be first class and sanitary in every respect. Upon motion of Trustee Grist the matter was referred to the Health Officer and the Committee of the Whole.

Reports from the city recorder, health officer, tax collector, building inspector and city clerk were read and ordered filed.

Demands number 1267 to 1310 inclusive were read and referred to the finance committee.

Mr. J. N. McGillis addressed the board on behalf of the Chamber of Commerce requesting financial assistance for the maintenance of the comfort station now maintained by the Chamber of Commerce in the building occupied by them on Broadway. Upon motion of Trustee Grist, the matter was referred to the Committee of the Whole.

The City Engineer presented a map and resolution for approval of the Board of Tract Number 3016, and upon motion, the same was approved as "A Resolution approving Map of Tract Number 3016 and accepting on behalf of the public the avenues, streets, alleys and public places shown thereon," which was adopted.

Trustee Grist offered "A Resolution of the Board of Trustees of the City of Glendale ordering that all that portion except the north two (200) feet of that certain alley extending from Third street to Second street in block seven of the Town of Glendale be closed up, vacated and abandoned as contemplated by Resolution of Intention Number 777," which was read and on motion accepted and adopted.

The City Engineer presented a resolution, which was ordered to be read, and upon being read, on motion of Trustee Thompson, was adopted as (Continued on page 2, Col. 3)

### SCHOOL GARDEN WORK

#### GLENDALE ADVENTISTS TO TEACH CHILDREN CARE AND CULTIVATION OF SOIL

Members of the Seventh-Day Adventist church met last night at the home of Dr. George Thomason for a Parent-Teacher meeting, the subject of the evening being "School and Home Gardens." Miss Helen White of the Glendale Public Schools gave an interesting and instructive talk on the subject, telling of her experience in training the children in out-of-door usefulness. Other speakers of the evening were Mrs. J. R. Leadworth, Miss Myrtle Harris, Dr. Henry Harrower, Messrs. Byron Dart and H. E. Colby and Dr. George Thomason.

A committee consisting of Mr. Colby, Mrs. J. R. Leadworth and G. S. Smith was appointed to assist the two teachers of the Adventist elementary church school in Glendale in developing school garden work.

Seventh-day Adventists were among the first to advocate industrial training in their schools, said Dr. Thomason. They were instructed along the line of agricultural training even before this was taken up by the public schools. "I am thoroughly in sympathy with the plan to educate our children in the methods of agriculture," he said. "If our boys and girls become interested in the names of the trees and shrubs, in the way things grow and how to care for them they certainly will be kept from many of the pitfalls into which they are so likely to sink. It will save them from many an unfortunate experience."

Miss White said school garden work is a real treat to the children, especially from the kindergarten to the fifth grade. "A garden is the inalienable right of every child," she said. "It is just as important that a child have a garden as that it should have a mother's love, something to eat and a bath tub. If you go around looking at the schoolhouses and see a little strip fourteen inches wide next the fence you may be disappointed. But I am not, for I know what an effort it has taken to start that strip of garden."

"We have started some gardens this year upon the ground that has been tramped upon for twenty-five years, I was told. We have a lath house in which we will do budding and grafting so that the children will obtain an idea of how it is done in a practical way. Then there are the home gardens. These are of great importance. They teach the boys and girls that they can get a great deal of joy out of life and yet be useful at the same time."

"I have been very much pleased with the kindness Mr. Smith, who is in charge of the Glendale Sanitarium grounds, has shown me from time to time. With your school adjoining the Sanitarium you have a good opportunity for the study of plants, shrubs and trees. Much in the teaching of agriculture can be done in the schoolroom, but the practical work should not be omitted."

"Children should be encouraged to plant gardens at home. The reason some of our boys and girls are not interested in agriculture is because it has been neglected in their early life. I think we have a good deal of unrest today because boys and girls do not have interests at home. If the boy doesn't like to raise cabbages let him raise rabbits. If you don't let him raise something he is likely to raise a disturbance."

"Incidentally I think it is a beautiful thing to show a boy or girl how to help father and mother by their garden work. How many times I see a house with a front yard well kept, yet with a great weed growing out near the tree root in the parkway. It would not take a boy more than two minutes to yank that out, and how much better the parkway would look! We always have a good many weed lessons along with our flower lessons and it helps the children to get the weeds out of their lives as well as out of the gardens."

#### IMPORTANT MEETING

The Woman's Auxiliary of the First Congregational church will hold the monthly meeting at the church Thursday morning at 10 o'clock. Luncheon will be served at noon and the regular business meeting will take place at one thirty, at which time officers for the next church year will be elected. Other important matters are to be considered and a large attendance is desired.

### SCHOOL AND CAMPUS

#### STUDENTS AWAIT REVELATION OF "B-AND-R" MYSTERY—STUDENT BODY MEETING

"What is the 'B-and-R' anyway?" 'Tis a deep mystery. In all probability it will be revealed at the student body meeting Friday in a most spectacular manner. At nine o'clock yesterday morning few had even heard of the mysterious letters "B-and-R" but before three in the afternoon, every one had racked his brain for a suitable explanation. What do the letters mean? Here are a few of the suggestions made by various members of the student body: "Bums and Rubes," "Boost and Root," "Bugs and Rats," "Booze and Rum," "Bery and Root" and "Bite and Run."

These are wrong, however. There are a few students in the school who are acquainted with the meaning of these well-known letters, but they are not inclined to disclose their knowledge. After assembly on Friday, however, we can all talk the matter over and it is expected that the revelation will even inspire orations and heated argumentative speeches.

"B-and-R" soup was served in the cafeteria today.

"La Tertulia" Meeting

The Spanish club, "La Tertulia," will meet this afternoon at 3:15. This is one of the school organizations in which a great deal of interest is taken. Last year the club had about fifty members and this year the membership promises to be even greater on account of the large enrollment of Spanish classes. All members are urged to be present at this first meeting.

Yell Leader

At present the student body has no yell leader. At different student body meetings Owen Dibbern and Harry Glazier have led the yells, but a school yell leader has not yet been elected. At the last student body meeting Berna Martin led the yelling very gracefully. There are not so many candidates out for the position this year as there usually are. There are, however, quite a few good yell leaders in the school. With a little practice the scrub yell leader, Fred Dodge, will make a splendid leader. He surely knows how to get the noise out of the babes. Berna Martin has improved considerably in his leading since last Friday and now he can give some elegant flourishes to "The Glendale Bunch." It is true he did resemble a person learning to swim last Friday, but now he has all the ease and grace of a champion Hawaiian swimmer.

Debating Tryouts

Glendale will meet the teams of Huntington Park and of Huntington Beach simultaneously in the next league debate. The tryouts will be held Wednesday, Dec. 22. The question is "That Congress should adopt President Wilson's plan for national defense." The final question will not be received until shortly before the debate, however. It is expected that Sam Durand, Herbert Scheuner, Howard Stickney, Frank Bridgeford and Joseph Maier will try out for the debate. Since we dealt so successfully with Long Beach and Lincoln High, the smaller schools without so great a "rep" should be an easy matter.

Student Body Meeting

Some violin selections given by Cecil Crandall, accompanied by Miss Dorothy Lee, were the most interesting part of Friday's assembly. It is very noticeable that when Cecil plays before the students they are far more quiet than at any other time during the year. He has something in his playing besides technique. The accompaniment was splendid. In fact, it could not have been better.

There was also a little student body business brought up. Mildred Wright was sworn into office as a member of the executive committee. A communication from the Senate was read announcing that Mr. George Ferrell had been appointed auditor of the Student Body by the Senate. Announcements were made about the senior farce, "The Scientific School," also about the work of the executive committee and about the inefficient method of transferring bills from the originator to the Secretary of the House. Mr. Moyse made some announcements relating to various departments of the school. The remaining time was spent in song and yell practice.

Miss Lydia Smith of Logansport, Ind., is the guest of Mrs. Laura E. Whitney, 725 West Third street. Miss Smith left the winter climate of the middle west for the balmy breezes of Southern California, arriving in this city Tuesday. She will spend the winter here.
